

# TRAP PRICES 2007

## Complete Traps & Kits

Make your own gear. Save Money...

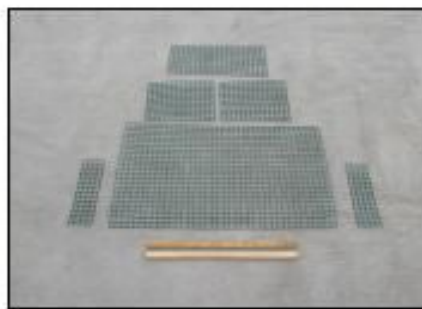

**Complete and Kit Prices for this pot see page 3**

All prices are ex works and exclusive of VAT

## Why choose our pots..

All our pots are made from Aquamesh designed specifically for marine use. The pots are long-lasting and low maintenance. They are light on board but heavy in the water with good bottom holding. The pots stay cleaner and are easily cleaned if fouled. Most importantly they catch fish successfully all around the UK. Plus most of our pots are available in kit form for you to make up yourself.

## Make your own pots and save money. All you need is...

**A Wire Kit- from about £13.80**  
Pre-cut wire panels and clips. Plus entrances, parlours etc depending on your requirements.

**A Bender – from £320**  
Available to buy or to hire on a weekly basis. Alternatively we can fold the panels for you ready to make up.

**Tools - Clip gun £450.00 or hire**  
All the tools you will need are available. **You will need a 3-5 bar compressor.**

## Prices options and what they include

**Ready to Fish** - complete pot fully rigged with parlour, entrances, ballast, runners as appropriate. (does not include rubbering)

**Cage only** - the made up cage ready for you to rig.

**Flat pack kit** - pre-cut wire panels and clips only (unless otherwise stated) then **add** the components you want such as parlours, entrances, runners etc from the back page.
